iStep

Get A Perfect Fit!

New technology measures foot length, width, arch type and pressure points, helping you to identify the ideal footwear and orthotics for your feet.

The iStep F.I.T., by Aetrex Worldwide, is a groundbreaking advance in digital foot scanning technology, and recommended for all people who want to feel great on their feet. The iStep F.I.T. is a major addition to the original iStep Pressure Plate, a popular in-store computer system that determines arch type and pressure points during standing or walking.

The iStep F.I.T. expands on that concept by using patented Footwear Integration Technology to accurately measure and analyze the foot. It then recommends the best shoes and inserts available in the store for your feet.

The iStep F.I.T. has changed the way retailers service their customers and has ultimately lead to many more people feeling great on their feet.

Cumberland Foot Health Solutions

Everything you need for healthy feet!

(606)678-9864 • (800)600-6740

Style. Support. Comfort.

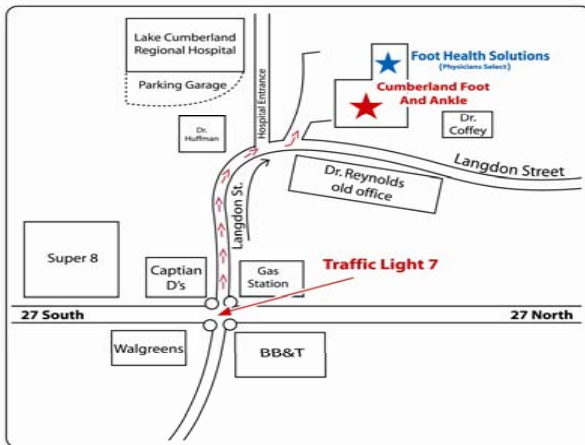

Your feet are our business

311 N. Langdon St.
Somerset, KY 42503
*Behind Cumberland Foot & Ankle Center

Our Services

- 1 Foot Health Solutions is your local **total foot care center** that focuses on the health and wellness of your feet and ankles.
- 2 Foot Health Solutions staff are **trained specialists** to not only fit you properly, but to analyze your foot shape and problems to ensure that you are in the properly designed shoe to accommodate your feet and to provide the proper support and fit.
- 3 Inserts/insoles, therapeutic shoes, supportive running/walking shoes, diabetic shoes, lotions, creams, powders, compression hoes, socks, and more. **We will help you find the best shoe, combined with an accommodative shoe insert, that can put your feet in balance and, in turn, improve the alignment of the rest of your body.**
- 4 All Foot Health Solutions inventory is hand selected and **approved by the physicians** of Cumberland Foot and Ankle Center.
- 5 We spend approximately **30 to 45 minutes** with our average client. We are interested in you and will spend the time to do a thorough foot-fitting evaluation.

*Behind Cumberland Foot & Ankle Center

We focus on people:

- with **FOOT PAIN**
- interested in **PREVENTATIVE HEALTH**
- with **HARD TO FIT FEET**
- that spend **HOURS ON THEIR FEET** at work
- with **COMMON MEDICAL PROBLEMS**, like:
 - * Diabetes *Hammer Toes *Arch pain
 - *Flat feet * Heel pain *Corns/Calluses
 - *Bunions/Bunionettes *Planter Fasciitis
- **ATHLETES** and **EXERCISERS** searching for improved foot support, cushioning, and performance.

Large Variety of Specialty Shoes

We've got shoes for everything from diabetes to arthritis to bunions and more. Shoes made deeper and wider in athletic, work, casual and dress styles.

Just Sneakers

The lightest leather shoe you'll find! They have slip resistant inserts in the sole and come in both lace and velcro.

Lycra Shoes

These shoes have soft, forgiving material in the places needed by some people. They allow room for bunions and hammer toes, as well as room for swelling as the day goes on.

Other Therapeutic Shoes

Gel-Kayano XII

Great blend of cushioning and stability for neutral to moderate pronators.

Gel-Foundation VI

Maximum stability w/out giving up a comfortable transition for moderate to severe pronators.
